

How to Install the Beta Version of Library Books

This document explains how to install a beta version of Library Books for iPhone. The intended audience are iPhone beta testers.

1. You should have these two files:

LibraryBooks.zip

Library_Books_Ad_Hoc.mobileprovision

2. Open iTunes.
3. **MAC** Drag the **.mobileprovision** file onto the iTunes dock icon.
PC Drag the **.mobileprovision** file onto Library section in iTunes.
4. Unzip the LibraryBooks.zip file.
5. **MAC** Drag the **unzipped file** onto the iTunes dock icon.
PC Drag the **unzipped folder** file onto Library section in iTunes.
6. You should now see the Library Books in your iTunes Applications list.
7. Sync your iPhone to install the app.
